Lowering Fees, Enhancing Retirement

SSAS PRACTITIONER.COM SERVICE STANDARDS

SSAS Practitioner.com are dedicated to providing excellent customer service to our clients. This is demonstrated by our quick turnaround of queries and review of the accompanying paperwork to facilitate transactions.

Assuming all information and the required authorisation has been provided, we commit to process payments within 24 hours and approve investments within 48 hours. We recognise the necessity of this level of service when important deadlines are encountered to register a scheme or acquire an investment.

We act as Practitioner to the scheme and we are not a trustee so do not co-hold the scheme's assets. Clients experience the benefit of this. As we are not trustees we are not required to sign scheme paperwork, saving time. This is especially important when paperwork is circulated between parties, for example between solicitors and trustees. We do of course require sight of the documentation that our clients will sign as trustees. We will thoroughly scrutinise this to ensure that the scheme is run in a HMRC compliant manner.

We commit to complete 97% of our work to the service standards shown below.

New business	
Issue applications	1 working day
Process applications (issuing deed and bank opening paperwork)	1 working day
